

## **Assembly Instructions**

### **Thakat Coffee Tables, Dining Tables & Dining Benches**

1. Unpack table top and legs
2. Lay table top upside down, taking care to ensure it is protected from scratches
3. Match letters on legs to underside of table
4. Insert bolt(s) into leg from outside
5. Put washer onto bolt
6. Tighten nut using the spanner provided

The metal brackets are an entirely optional feature and are therefore not fitted as standard. The stability of the table is not affected by the use of the brackets – the bolts secure the legs firmly. As the brackets are entirely decorative, the fitting is left to the discretion of the customer.

Should you so wish, use the following instructions to fit the brackets:

1. Position the decorative bracket just below the carved section on the leg and the underside of the table. Mark the position of the holes for the tacks.
2. If possible, drill a small pilot hole in the position where the tacks will need to be fitted. This will protect from causing a split in the wood.
3. Use a hammer to secure the bracket in position with the tacks.

Should you have any problems or need further assistance, please feel free to contact us on **0845 460 3122** or **[sales@myakka.co.uk](mailto:sales@myakka.co.uk)**
